# Women in Engineering Past Present and Future

Virtual Conference, March 31, 2021

At 2 pm AR/BR/CL time, 1pm CO time

In this conference, 3 engineering professionals and academics from prestigious universities will present their visions about the past and present participation of women in engineering, how to overcome gender barriers everywhere and particularly in Latin America and above all how to encourage, inspire and motivate new generations of girls and women to write their future in science and engineering.

**Malgorzata Chrzanowska-Jeske**

Professor of Electrical and Computer Engineering Department at Portland State University, and its former department chair, 2004-2010.

**Maria Jose Escobar**

Regional Office Representative for Science and Technology for the Valparaíso and Coquimbo regions, Ministry of Science & Technology, Chile.

Associate Professor of the Department of Electronic Engineering, Universidad Técnica Federico Santa María.

**Sara Vinco**

Assistant Professor with Tenure Track in the Department of Control and Computer Engineering (DAUIN) in Politecnico di Torino.

Moderators:

**Victor Grimblatt**

CAS Chile Chapter Chair

**Paola Yang**

R&D Research Engineer, Synopsys Chile

**We invite you to join the conversation!**
